

## **St Lucias Primary School Sports Premium 2023-24**

A wide range of PE is delivered to pupils at St Lucias Primary School.

We ensure the inclusion of all children in school.

Our sport delivery is provided in the following ways:

- During the school day
- During playtimes
- During extra- curricular clubs organised by school
- During extra- curricular clubs we buy in
- In after school care club

### **Opportunities we currently provide include:**

Netball (high 5)	Tag rugby	Cycling
Football	Hockey	Multi sports
Cricket	Athletics	Orienteering
Cross-country	Dance	Rounders
Gymnastics	Cricket	Archery
Swimming	Gymnastics	

### **How is sport organised at St Lucias Primary school?**

Teachers or specialist coaches teach PE lessons. We employ a specialist coach to enhance our provision and to ensure high quality teaching. This is funded through the school budget.

We provide play equipment during playtimes to encourage children to participate in active play and to allow all children to try out sporting activities in a relaxed atmosphere. Sports leaders and staff help to provide sporting activity.

We provide a wide range of extra-curricular activities through club provision and after school care club. We encourage all children to try new activities. Our club provision has become sustainable due to the use of sports premium.

### **What else do we do to enhance sport?**

We are part of both the **Belvidere Sports Partnership** and **TrustEd Sports Partnership** which brings together local primary schools and secondary schools. We are active participants in these. The Belvedere partnership provides high quality training and coaching in school in advance of events and competitions, through also joining TrustEd events we are pleased to offer our pupils a further range of sports opportunities, through both improving our intra and inter-school sport participation. Children are offered a very varied diet of sporting activities, which include sports leadership and participation in tournaments and

events. The partnership also promotes participation for children who need encouragement to enjoy sport. We are encouraged to use the secondary school resources to improve our provision and have excellent staff liaison. The sporting calendar is organised across the partnership and we can compare our levels of participation and uptake with other schools. We monitor participation and check gender uptake and inclusion (FSM and SEN). We frequently target low participation groups to ensure all children across the partnership are participating and enjoying a wide range of sporting activities.

### **Training**

Our current focus for training is to develop the role of the **Sports Lead** in PE and upskilling support staff to offer better support in lessons. This will improve our delivery further.

### **Parents/Carers**

Parents/Carers are encouraged to support events and invited where possible. Full support is given to enable pupils to participate.

### **Barriers identified which we will use sports premium to develop in future years.**

Funding to release staff for competitions

Transport costs

Expertise

Governors have worked with the Head teacher to develop a plan for expenditure of the sports grant for 2023-24. This reflects school self-evaluation priorities where possible. Governors monitor the impact of expenditure to ensure we are improving through appropriate use of this funding. The sports partnership offers advice to the family of schools to ensure the needs of pupils in our local area are addressed. Working collaboratively with other schools ensures we have good value for money and high quality provision.

### **What will we be doing differently because of the sports grant monies?**

Aims	What will success look like?
To improve the quality of teaching and learning in PE	All PE provision will be good or better
Improve the health and fitness of pupils	Children will all participate
Increase the opportunities on offer and provide sports which appeal to all children	Provision will ensure there is "Something for everybody."
Improve resources	Equipment, appropriate kit and transport

	will be provided to increase participation
High participation in inter schools and intra school events Maintain schools games awards	Records will show maintenance of high participation levels
Give children opportunities for leadership	We will have Bronze ambassadors and play leaders arranging activities and events to engage children in physical activity

**Allocation for 2023-24 = estimated at £16,730**

How sports premium funding is targeted to improve outcomes for pupils.	Sports Premium Allocated	Success Criteria	Impact
